

ABOUT GENEALOGY FRIENDS

Nine "library junkies" founded Genealogy Friends of Plano Libraries, Inc., in the fall of 1997. They come from a wide range of vocations that include attorneys, Ph.D.s, authors, editors, Board Certified Genealogists, historians, national and regional lecturers, business executives and entrepreneurs.

PURPOSE AND GOAL

Genealogy Friends educates members and library patrons in research by holding library sponsored genealogy classes, workshops and free monthly public lectures. GenFriends volunteer to preserve important deteriorating documents stored in closed shelves in the Archives. Their Long Term Goal is to abstract and transcribe, index, publish, and microfilm this material to make it accessible to local and historical researchers.

OVER THE INTERNET

The History and Genealogy site and the historical county photo location present valuable tips, techniques, and Collin County history and its people.
